

J.P. Concert Review

## The big talent of Las Vegas comes to the small town of Orillia

Thanks to Bill Carruthers, Director of entertainment for Casino Rama, fans throughout have been treated to the best in entertainment.

Talk about excitement and entertainment!

On Tuesday, July 25, the silver-haired country singer, Kenny Rogers and his full piece band performed live for a full house of screaming fans. What a fabulous show, what a night of entertainment. Rogers performed some of his greatest hits throughout the evening. In between songs, his performance was peppered with his other hidden talent, comedy. He regaled fans with some real funny jokes that literally had fans rolling in their seats while he kept throwing a \$10 dollar bill to one particular lucky fan sitting in the front row. Fans were treated to both tears from his most beautiful hits and some pretty sore jaws from his very funny jokes throughout the evening.

For those who have never attended a Kenny Rogers concert, they don't know what they are missing. What a fabulous entertainer! What a voice! What a performer! He was simply sensational and gave his fans quite a concert event to remember. Long lives the legend of Kenny Rogers!
